

WORKING WITH AND SELLING INTO THE NHS

Does your company – whatever size - want to develop or sell new products for the NHS?

You will learn about procurement routes and other access points, collaboration opportunities and clinical trials at this event.

Wednesday 19 July 2006

3pm – 5pm

The Nowgen Centre

29 Grafton Street, Manchester M13 9WU

Speakers:

**Kevin Pritchard, Director of Procurement,
Greater Manchester Collaborative Procurement Hub**

**Richard Deed, TrusTECH Innovation Unit Manager
TrusTECH**

**Professor Jackie Oldham, Operational Director
Wellcome Trust Clinical Research Facility - Manchester**

Kevin Pritchard will provide a valuable insight into procurement / selling with regards to the Greater Manchester Collaborative Procurement Hub. The Greater Manchester Hub is part of a national initiative from the Department of Health to create collaborative procurement in the NHS.

TrusTECH is the North West NHS Innovation Hub. The hub acts as a common point of contact for liaison between NHS innovators and industry for research and commercial collaborations.

The Wellcome Trust Clinical Research Facility – Manchester provides a state-of-the-art environment for investigators undertaking high quality clinical research, with in-patient and out-patient areas, laboratories, imaging and technical support available
